BIO

Milton designs and develops a broad range work for our Religious, Institutional and Healthcare clients. He has worked extensively on renovation and addition of existing buildings in within the historic context of Philadelphia.

Milton has recently completed a *pro bono* project for the Community Design Collaborative in Philadelphia working on a master plan for a historic Methodist Church in the Cobbs Creek section of the city.

Outside of the office Milton enjoys traveling both domestically and abroad to various sites of architectural significance and restoring his row home in the Fishtown section of Philadelphia.

MILTON F. MAJOR Project Architect

Esperanza Health Center Philadelphia, PA

Renovation of a 35,000 sf historic bank building in Philadelphia's Kensington neighborhood as a full-service primary care facility.

SELECTED PROJECTS

Penn State Hillel State College, PA

Interior fit-out of a 27,000 sf shell space in downtown State College. This student center will be a spiritual and social gathering center for the Penn State Jewish community.

Kleinlife Community Center Philadelphia, PA

Renovation of a 85,000 sf community center in North East Philadelphia. This building serves as the largest senior center in the city and hosts numerous programs including an indoor pool, theatre and gymnasium.

Jewish Federation of Philadelphia Philadelphia, PA

Master plan for 120,000 sf of commercial office space in downtown Philadelphia. This planning exercise included both interior and exterior renovation and addition to a prominent building in a historic context.
